Department of Defense
PRIME CONTRACT AWARDS
First Half Fiscal Year 1984

Department of Defense

Prime Contract Awards

First Half Fiscal Year 1984

Issued Semiannually by

**Department of Defense
Washington Headquarters Services
Directorate for Information
Operations and Reports**

FOREWORD

Prime Contract Awards is published semiannually by the Office of the Secretary of Defense, Washington Headquarters Services, Directorate for Information Operations and Reports (WHS/DIOR). It contains a wide range of summary data covering prime contract awards made during the reporting period as well as historical data to provide the perspective required for the analysis of Defense procurement trends.

The report is approved for public release at cost; distribution unlimited. Requests for additional copies should be addressed to the Director for Information Operations and Reports, Washington Headquarters Services, The Pentagon, Room 1C535, Washington, D. C. 20301-1155. (When ordering, cite publication number P03.)

INTRODUCTION

PURPOSE AND SCOPE

This report presents a variety of current and historical data pertaining to Department of Defense (DOD) prime contract awards. Some data reflect fiscal years as early as 1974, providing a ten year perspective on Defense procurement.

Seven categories of data on DOD prime contracts are provided. Data are displayed by type of contractor, by procurement program, by method of procurement, and by type of contract pricing provision. Awards publicized to small businesses and awards for research, development, test, and evaluation (RDT&E) are discussed separately, as is the DOD Small Business Subcontracting Program.

NOTES ON COVERAGE

Beginning with FY 1983, the dollar threshold for reporting detailed information on procurement actions was raised from over \$10,000 to over \$25,000. While many of the enclosed tables have either column or stub headings of over \$25,000, FY 1982 and prior data figures really represent awards over \$10,000.

Amounts in this report are shown for the DOD agency that awards the prime contracts and not the department or agency that budgets for the supplies or services. In addition, data for the Army, Navy, and Air Force include prime contracts awarded on behalf of the National Aeronautics and Space Administration (NASA) and other Federal agencies, as well as for foreign countries whose Defense purchases are reimbursable. Percentages given in tables may not add due to rounding.

This report includes awards made by Other Defense Agen-

cies (ODA), which are listed in the Glossary. It does not include obligations for "in-house" work performed at military-owned and-operated establishments such as Navy shipyards, Army arsenals, and Air Force research laboratories, except to the extent that such establishments place contracts for supplies and services with industry or other Federal agencies. The estimated dollar amounts of indefinite-quantity petroleum contracts are included in this report, but the number of individual orders written against these contracts have not been included in the totals for procurement actions.

For definitions of terms used in this publication, see the Glossary.

HIGHLIGHTS OF FIRST HALF FISCAL YEAR 1984

DOD procurement actions during October 1983 through March 1984 totaled \$73,158,018 thousands, as shown below:

<u>Category</u>	<u>Amount</u>
Intragovernmental/FMS	\$ 5,584,628
Work Outside United States	3,770,305
Educational and Nonprofit Institutions	1,418,918
Business Firms Inside United States	62,384,167
	<u>\$73,158,018</u>

Foreign military sales (FMS), a reimbursable portion of intragovernmental orders, totaled \$3,579 million as follows: Army, \$678 million; Navy, \$1,023 million; Air Force, \$1,840 million; Defense Logistics Agency, \$17 million; and other Defense agencies, \$21 million.

The procurement information contained in this report is not representative of a normal processing cycle due to the implementation of a new procurement reporting system in Fiscal Year 1984. It is anticipated that this report will more accurately reflect the Department of Defense procurement information in the coming months.

AWARDS BY TYPE OF CONTRACTOR

DOD PROCUREMENT BY TYPE OF CONTRACTOR

DOD procurement awards during the first half FY 1984 (October 1983 through March 1984) totaled \$73,158 million. This was an increase of \$4,567 million (6.7 percent) over the \$68,591 million awarded during the first half FY 1983. Contract awards to U.S. businesses for work inside the United States increased by \$3,234 million. Awards to or through other Government agencies increased by \$1,189 million, awards for work outside the United States increased by \$124 million, and awards to educational and nonprofit institutions increased by \$20 million. See Tables 1 and 2.

PROCUREMENT TRENDS

DOD procurement has increased steadily from \$40.1 billion in FY 1974 to \$140.5 billion in FY 1983. The long-term trend in prime contract awards is shown in Table 3.

SMALL BUSINESS PERFORMANCE

Small businesses received \$8,878 million during the first half of FY 1984, a decrease of \$763 million from the \$9,641 million for the same period last year. In terms of net value, small businesses received 14.2 percent of the prime contracts awarded to all business firms for work done in the United States during this period, compared with 16.3 percent for the corresponding period last year.

As shown in Chart 1, 3,242,705 contract actions, or 69.5% of the total 4,664,620 actions awarded to business firms, involved small businesses.

* Less than \$500,000.

AWARDS PUBLICIZED TO SMALL BUSINESSES

Table 4 indicates the extent to which the small business community was notified of pending procurement actions and how successful small businesses were in competing for publicized procurements.

The types of procurement included in the category "Awards Publicized to Small Businesses" are: (1) proposed procurements which were listed in the Department of Commerce publication *Commerce Business Daily (CBD)*; (2) modifications to contracts which were listed in the *CBD*; (3) formally advertised procurements which were not published in the *CBD*; and (4) all other procurements on which small firms were specifically requested to submit proposals.

For the most part, procurements which are not publicized to small businesses relate to classified work, goods or services involving an unusual or compelling emergency, modifications

of contracts which were not listed in the *CBD*, and delivery orders under contracts which were not listed in the *CBD*.

During the first half of FY 1984, 84.0 percent of the total awards to businesses were publicized to small businesses, compared with 88.4 percent during this same period last year. Small businesses did not submit bids on 72.7 percent of these publicized procurements in the first half of FY 1984, compared with 71.9 percent in the first half of FY 1983. They were successful in bidding on 17.0 percent of the publicized total this year and were unsuccessful bidders on 10.2 percent. In this same period last year, small businesses bid successfully on 18.4 percent of the publicized total and unsuccessfully on 9.6 percent.

The portion of procurement synopsized during October 1983 through March 1984 amounted to 77.9 percent, as compared to 82.8 percent for the same period last year.

AWARDS BY PROCUREMENT PROGRAM

Data on the net value of prime contract awards to businesses in the United States by procurement program are shown in Table 5 for the first half of FY 1983 and the first half of FY 1984, and in Table 6 for FY 1974 through FY 1983. Table 6a provides data on awards by procurement program, according to the Defense component making the awards, for FY 1974 through FY 1983.

Total DOD procurement from U.S. businesses for work performed in the United States during October 1983 through March 1984 totaled \$62,384 million, \$3,234 million (5.5 percent)

higher than in the same period last year. A comparison of FY 1983 and FY 1984 first half totals shows an increase in the major hard goods and services category with a decrease in the All Other category. The largest increases within the procurement programs were in: airframes and related assemblies and spares, \$3,299 million; missile and space systems, \$1,651 million; and electronics and communication equipment, \$1,165 million. The largest decreases were in: ships, \$2,941 million; and petroleum, \$951 million.

AWARDS FOR RESEARCH, DEVELOPMENT, TEST, AND EVALUATION

The net value and percent distribution of awards for research, development, test, and evaluation (RDT&E), by type of contractor, for FY 1974 through the first half of FY 1984 are shown in Table 7.

The total dollar value of RDT&E awards, excluding awards for work outside the United States and orders to other Government agencies, amounted to \$10,005 million during the first half of FY 1984 and accounted for 15.7 percent of all DOD procurement. During the same period last year, the comparable dollar amount was \$8,221 million, which was 13.6 percent of the total awards.

Between FY 1974 and FY 1978, there was an annual increase in the dollar value of RDT&E awards. During FY 1979

RDT&E procurement declined to \$8,481 million but has since increased each year.

Although there has been a general upward trend in both total and RDT&E awards since FY 1975, the relative share of RDT&E procurement to total procurement has declined from 17.5 percent in FY 1976 to 11.7 percent in FY 1981, but it increased to 13.8 percent during FY 1982 and again decreased during FY 1983.

Contract awards for RDT&E by procurement program are shown for FY 1974 through FY 1983 in Table 8. This table shows the percentages of RDT&E awards in each program based on the totals shown in Table 6.

AWARDS BY METHOD OF PROCUREMENT

AWARDS BY EXTENT OF COMPETITION

Total DOD awards subject to competition during the first half of FY 1984 totaled \$62,774 million compared to \$59,834 million during the first half of FY 1983. The following shows the changes in the extent of competition categories for the first half of 1984 and 1983:

(Millions of Dollars)	Change		
	1984	1983	Percent of Total
Formally Advertised	\$ 2,551	\$ 2,796	- 245 -0.6
Negotiated Price Competition	17,279	15,331	+ 1,948 +1.9
Design and Technical Competition	5,770	5,132	+ 638 +0.6
Follow-On After Price Competition	1,999	2,056	- 57 -0.2
Follow-On After Design and Technical Competition	18,750	15,034	+ 3,716 +4.8
Catalog/Market Price	532	811	- 279 -0.5
Non-Competitive	15,893	18,673	- 2,780 -5.9

Table 9 gives the total for both actions and dollars by reporting component for each of these categories, and Table 10 provides a general indication of the types of items that fall into each competition category.

FORMALLY ADVERTISED AND OTHER AWARDS

Table 11 shows the dollar volume of procurements placed with small businesses and other contractors through formal advertising and other statutory authority during FY 1983 and FY 1984. In the first half of FY 1984, 3.8 percent of total procurement was conducted through formal advertising methods, compared to 4.4 percent in this same period last year. Table 12 shows information on these types of awards for FY 1974 through FY 1983.

STATUTORY AUTHORITY

Tables 13, 14, and 15 present data on the types of procurement authority specified in Title 10, Section 2304(a) of the United States Code. The five clauses used most extensively to negotiate contracts during the first half of FY 1984 were: (10) "Impractical to Secure Competition by Formal Advertising;" (14) "Technical or Specialized Supplies Requiring Substantial Initial Investment or Extended Period of Preparation for Manufacture;" (11) "Experimental, Developmental, Test, or Research;" (1) "National Emergency;" and (6) "Purchases Outside the United States".

Small business and labor surplus set-asides totaled \$4,189 million for the first half of this year, representing 6.2 percent of the total, compared with \$4,558 million (7.1 percent) in the first half of last year.

Table 14 shows a total of 5,528,586 procurement actions for the first half of FY 1984, a decrease of 194,900 actions over the

same period last year. For the first half of this fiscal year 98.4 percent, or 5,441,907 actions were for \$25,000 or less compared to 5,627,165 actions and 98.3 percent for the same period last year.

Of the 86,679 larger actions (those over \$25,000) in the current period, 10,258 were for intragovernmental awards. Of the remaining 76,421 actions, 42.9 percent were for new contracts or supplemental awards for additional supplies or services; the remaining 57.1 percent were delivery orders or modifications such as price redeterminations or incremental funding actions pursuant to the terms of existing contracts. Five negotiation clauses accounted for 76.9 percent of the total number of negotiated contract actions over \$25,000: (10) "Impractical to Secure Competition by Formal Advertising," 42.5 percent; (1) "National Emergency," 15.8 percent; (11) "Experimental, Developmental, Test, or Research," 8.1 percent; (6) "Purchases Outside the United States," 5.8 percent; and (9) "Perishable or Non-Perishable Subsistence," 4.7 percent.

AWARDS BY TYPE OF CONTRACT PRICING PROVISION

Table 16 shows the net value and percent distribution of DOD prime contract awards over \$25,000 for the first half of FY 1983 and the first half of FY 1984. Data are shown by type of contract pricing provision, according to Defense component. Table 17 provides annual data for fiscal years 1974 through 1983.

During the first half of FY 1984 awards over \$25,000 (excluding intragovernmental awards) totaled \$63,406 million, of which \$51,542 million, or 81.3 percent, was awarded under fixed-price procedures and \$11,447 million, or 18.1 percent, under cost reimbursement procedures. Other types (time and materials and labor hours) accounted for \$416 million, or 0.7 percent.

Cost-plus-fixed-fee (CPFF) contracts accounted for 8.3

percent of the total contract awards over \$25,000 in the first half of FY 1984. The use of incentive contracts (both fixed and cost-types combined) decreased from 29.9 percent of total contract dollars in the first half of FY 1983 to 27.7 percent in the first half of FY 1984. The use of firm fixed-price contracts increased from 34.2 percent to 40.8 percent.

The total of 76,421 contract actions over \$25,000 during October 1983 through March 1984 (see Table 16) includes 32,813 original contract actions and modifications calling for additional work and 43,608 actions representing delivery orders and modifications made pursuant to the terms of existing contracts. Actions for new work decreased by 4.4 percent, and actions representing delivery orders and modifications pursuant to the terms of the original contract decreased by 14.6 percent.

DOD SMALL BUSINESS SUBCONTRACTING PROGRAM

Commitments for DOD small business subcontracting work by 1,173 reporting large contractors totaled \$39,796 million in FY 1983, which was a 12.6 percent increase from the \$35,329 million reported by 1,170 large contractors in FY 1982.

Small businesses received 39.2 percent of the total committed for subcontracting work during FY 1983, compared with 37.9 percent for FY 1982. Comparative data for FY 1974 through FY 1983 are given below.

(Amounts in Millions)

	1974	1975	1976	1977	1978	1979	1980	1981	1982	1983
1. Number of Large Contractors Reporting	713	701	703	737	810	832	1,023	1,133	1,170	1,173
2. Military Subcontract Commitments	\$12,072	\$12,734	\$11,887	\$15,038	\$17,482	\$21,245	\$25,499	\$33,937	\$35,329	\$39,796

3. Percent of Total to Small Business Concerns (Line 2a + Line 2b)	38.2	39.3	37.6	39.0	40.7	42.7	42.4	38.3	37.9	39.2

GLOSSARY OF TERMS

Businesses. Businesses are companies, individuals, or partnerships organized for profit, including small businesses as defined below.

Civil Functions. Functions primarily associated with the Civil Works program of the Army Corps of Engineers. This program encompasses planning, programming, designing, constructing, and operating Federal water resource projects for navigation, flood control, hydroelectric power production, water supply, recreation, and related activities. Also included are cemeterial work and conservation management.

Defense Logistics Agency. The Defense Supply Agency (DSA) was established on January 1, 1962, to manage, procure, and distribute certain common supplies, activities which had previously been the responsibility of the individual military departments. The agency name was changed on January 1, 1977, to the Defense Logistics Agency (DLA).

Educational and Nonprofit Institutions. Any corporation, foundation, trust, or institution operating on a not-for-profit basis. Included are educational and scientific institutions, hospitals of a nonprofit nature, and state, local, and other non-Federal government agencies. If the work of these institutions meets the criteria of the category "Work Outside the United States" (see below), it is included in the data for that category.

Intragovernmental Order. Orders written by a military department or Defense agency purchasing office requesting that a non-Defense Federal agency furnish supplies or services from its stocks, in-house manufacturing facilities, or contracts.

Location of Work. The place where an item is to be manufactured, assembled, or otherwise supplied by the prime contractor; the place where the service is to be performed; or the site of a construction project.

Military Functions. Activities normally associated with the support of the Uniformed Services.

Net Value. The net amount of debit and credit procurement actions recorded during the period.

Other Defense Agencies

American Forces Radio & Television Service
Defense Audio Visual Agency
Defense Commercial Communications Office
Defense Communications Agency
Defense Mapping Agency
Defense Nuclear Agency
Defense Supply Service — Washington
National Security Agency
Office for the Civilian Health & Medical Program of the Uniformed Services (CHAMPUS)
Uniformed Services University of Health Services

Prime Contract Award. A legally binding agreement executed by a department or an agency of DOD to obtain supplies, services, or construction.

Procurement Action. An action involving the obligation or deobligation of funds which officially awards or changes a prime contract. This may include the award of a new prime contract, a debit or credit change to an existing prime contract, or an order written against an indefinite delivery-type contract or basic ordering agreement.

Small Businesses. A small business is defined by the Small Business Administration in the Federal Register (Title 13, Chapter I, Part 121). The definition also appears in the Defense Acquisition Regulation (1-701). Generally, a small business is one that is independently owned and operated, is not dominant in its field of operations, and with its affiliates does not employ more than a specified number of employees (usually not more than 500, 750, or 1,000, depending on the type of product called for by the contract). For construction and some service industries, the criterion is a specified annual dollar volume of sales or receipts, rather than the number of employees.

Subcontract Commitment. A legal agreement between contractors establishing the value of goods and services required to fulfill a contract. The goods or services are provided by one

contractor (called the subcontractor) to the contractor with the major or prime contract.

Subcontract Payment. A cash payment made by one contractor to another for supplies, services, or construction required by a prime contract.

United States. The 50 states and the District of Columbia, U.S. possessions, the Commonwealth of Puerto Rico, the Trust Territories of the Pacific, and other areas subject to complete U.S. sovereignty.

Work Inside the United States. An award to a U.S. or foreign business, an educational or nonprofit institution, or a Government agency with a place of performance inside the United States (see above).

Work Outside the United States. An award to a U.S. or foreign business, an educational or nonprofit institution, or a Government agency with a place of performance outside of the United States (see above).
